Allison – we’ve been requested to speak at the below conference. I plan to have different speakers, including Aaryn going over the talking points for the PFAS action plan. Is that OK for us to do?

Carol,

Thanks so much for being willing to speak at our Regulatory Conference. I was hoping you could give a general regulatory update. Some items that may be of interest to attendees:

- Universal Waste – Are aerosol cans still being considered for universal waste?
- Follow up to the 2016 Hazardous Waste Generator Improvements Rule
 - How are the rule changes, including episodic generation, being adopted by industry?
- Any new regulations on the horizon? Any PFAS waste characterization and disposal guidance?
- E-manifesting Updates
- Inspector Hot Topics
- Common Findings.....And how EPA is finding those compliance issues

Of course you are welcome to come up with topics of your own!

Thanks,
Tom

Carol,

I am coordinating the Georgia Chapter of the Air & Waste Management Association's 2019 Regulatory Conference. The conference will be held on April 11, 2019 at the Sam Nunn Federal Atlanta Federal Center located at 61 Forsyth St NW, Atlanta, GA 30303. Would you or someone from you staff be willing to provide a regulatory update. Typically, we provide a 30-minute time slot for a speaker from your group. Please let us know if your team can participate as soon as possible so we can get the agenda updated and out to our members!

Sincerely,

Tom Wurzinger, P.E.
